Report	<p>The proposed research work covers the projects «Tugan Zher» («Homeland») and «Archive – 2025». The first President of the Republic of Kazakhstan – Elbasy N. A. Nazarbayev in his article «Seven facets of the Great Steppe» notes: «The history of Kazakhstan should be understood from the height of modern science...», and in the program «Archive – 2025» indicates that "many documentary evidence about the life of ancestors and their unique civilization has not yet been introduced into scientific circulation". Also, the negative view formed in the historiography of the Soviet period on the institution of the Khan's power, sultans-rulers requires a rethinking, revision of old concepts and approaches.</p> <p>The project fills a gap in the history of the Imperial and initial period of Soviet Kazakhstan, and is part of the implementation of the «Archive – 2025» program. The research is aimed at recreating political portraits of Kazakh khans, sultans, batyrs, biys, and Kazakh intelligentsia of the Soviet period. The use of archival sources, in particular form lists of officials, will restore the names and biographical data of Kazakh officials, will make it possible to clarify the genealogy of the Kazakh Chingizids, to Supplement information about marital status, education and activities.</p>
Purpose	To study the policy of the Russian Empire and the Soviet state in Western Kazakhstan on the basis of various sources, to determine the role of the individual in the historical process, including the Kazakh intelligentsia, who came to power in the XIX century, figures of the «Alash» movement.
Expected results	Scientific results of the project such as the restoration of the names of historic personalities, the preparation of the manuscript of the book will give the opportunity to popularize biographical history, to replenish local history museums historical data and biographical information. As a result of the project, the manuscript of the book-album «Historical figures of the Great Steppe of the XVIII-30s. XX centuries (based on materials from Western Kazakhstan)», scientific results will be tested at conferences.
