

<b>Project name, IRN</b>	<b>AP13268873</b> -Development of a model of social and labor mobility and professional orientation of young people in the region
<b>Terms of implementation</b>	12.05.2022-31.12.2024
<b>Project Manager</b>	Niyazbayeva Aigul Amangeldyevna - PhD
<b>Abstract</b>	The idea of the project is to develop a model of social and labor mobility and professional orientation of youth in the region, affecting the competitiveness of human capital and minimizing the negative impact of the economic crisis on improving the social situation, improving youth literacy and solving youth unemployment problems.
<b>Purpose</b>	The aim of the project is to identify the impact of social and economic problems on improving the socio-economic conditions of young people, including improving the social status and socio-labor mobility of young people in the region by studying the problems of young people in need of socio-economic assistance and support.
<b>Expected results</b>	<p>Based on the study of scientific literature and generalization of foreign experience in topical areas of the problem, approaches to the assessment of socio-economic problems of youth will be modernized.</p> <p>The causes and consequences of crisis trends in the socio-economic sphere in the period 2019-2022 will be investigated, taking into account the factor analysis of the current quality of life of modern youth.</p> <p>An effective model of social and labor mobility and professional orientation of youth in the region will be developed, allowing efforts to be directed to solving youth problems.</p>
