

Project name, IRN	<i>AP08956354</i> - Designing and creating a multifunctional Web application of Abay's works
Terms of implementation	15.10.2020-30.09.2021
Project supervisor	Yerdembekov Baurzhan Amangeldyevich – doctor of philological sciences, professor
Report	The main objective of the project is to popularize the Abai heritage in the modern IT world by designing and creating a multifunctional Web application of Abai works, as well as improving access to it. With this aim in mind, data on the history of the origin of Abai's works, the results of the textological comparisons made and the translated versions of the poet's works are entered in a database of Web applications. The project will result in a multifunctional Web application of Abai's works that will be available to the public.
Purpose	It aims to increase access to Abai's spiritual heritage and promote our cultural heritage as much as possible by designing and creating a Web-application of Abay's works for the development of human potential.
Expected results	<ul style="list-style-type: none"> – A database on the history of Abay's works will be compiled for the Web-application. – Textual comparisons and versions of works in other languages are synthesized, articles are published. – A multifunctional Web-application of Abay's works will be developed, the test will be done and the Web-application will be launched.
Research group	<p><i>Supervisor:</i> Yerdembekov Bauyrzhan Amangeldyevich – doctor of philological sciences, professor (Author ID в Scopus – 57204595664; ORCID ID – 0000-0003-0503-4640); https://www.scopus.com/authid/detail.uri?authorId=57204595664</p> <p>Talipova Meiramgul Zhubatkanovna – candidate of physical and mathematical sciences, associate professor, (Author ID в Scopus – 57195809117; ORCID ID – 0000-0001-9728-8378);</p> <p>Isbek Berikhan – PhD, (Author ID в Scopus –360006896894; ORCID ID –0000-0002-5729-9491);</p> <p>Satbay Zhainar Izbasarkyzy – master of Philology sciences, (ORCID ID – 0000-0001-6765-9289);</p> <p>Zhantleuova Kamila Moldagalikyzy – master degree's student of specialty «Information systems»</p>
Project product	Multifunctional Web-application of Abay's works: https://abaytanu.kz/
